Founded in 1985 in Newtown, Connecticut. The Flagpole Photographers' mission is to enable members to share their photos and expertise, to learn and grow in their photography, and to enjoy the camaraderie of fellow photographers.

We come from diverse backgrounds, with photographic skills ranging from beginners to professional photographers.

# Flagpole Photographers Camera Club

Newtown,  
Connecticut

# Meetings Are Recorded

The meeting will be recorded and posted on [FlagpolePhotographers.com](http://FlagpolePhotographers.com)

# Agenda

What we are covering today

- 1. Competition Night**
2. Judging Setup
3. Judging Software

# Judging Journey

Monday

Viewing of photos  
opens.

Monday or Tuesday

Join judges' info  
session in Zoom.

Specific photos each  
judge will provide live  
comments on emailed.

Wednesday

Thursday

By 7:20 pm join  
competition meeting  
in Zoom

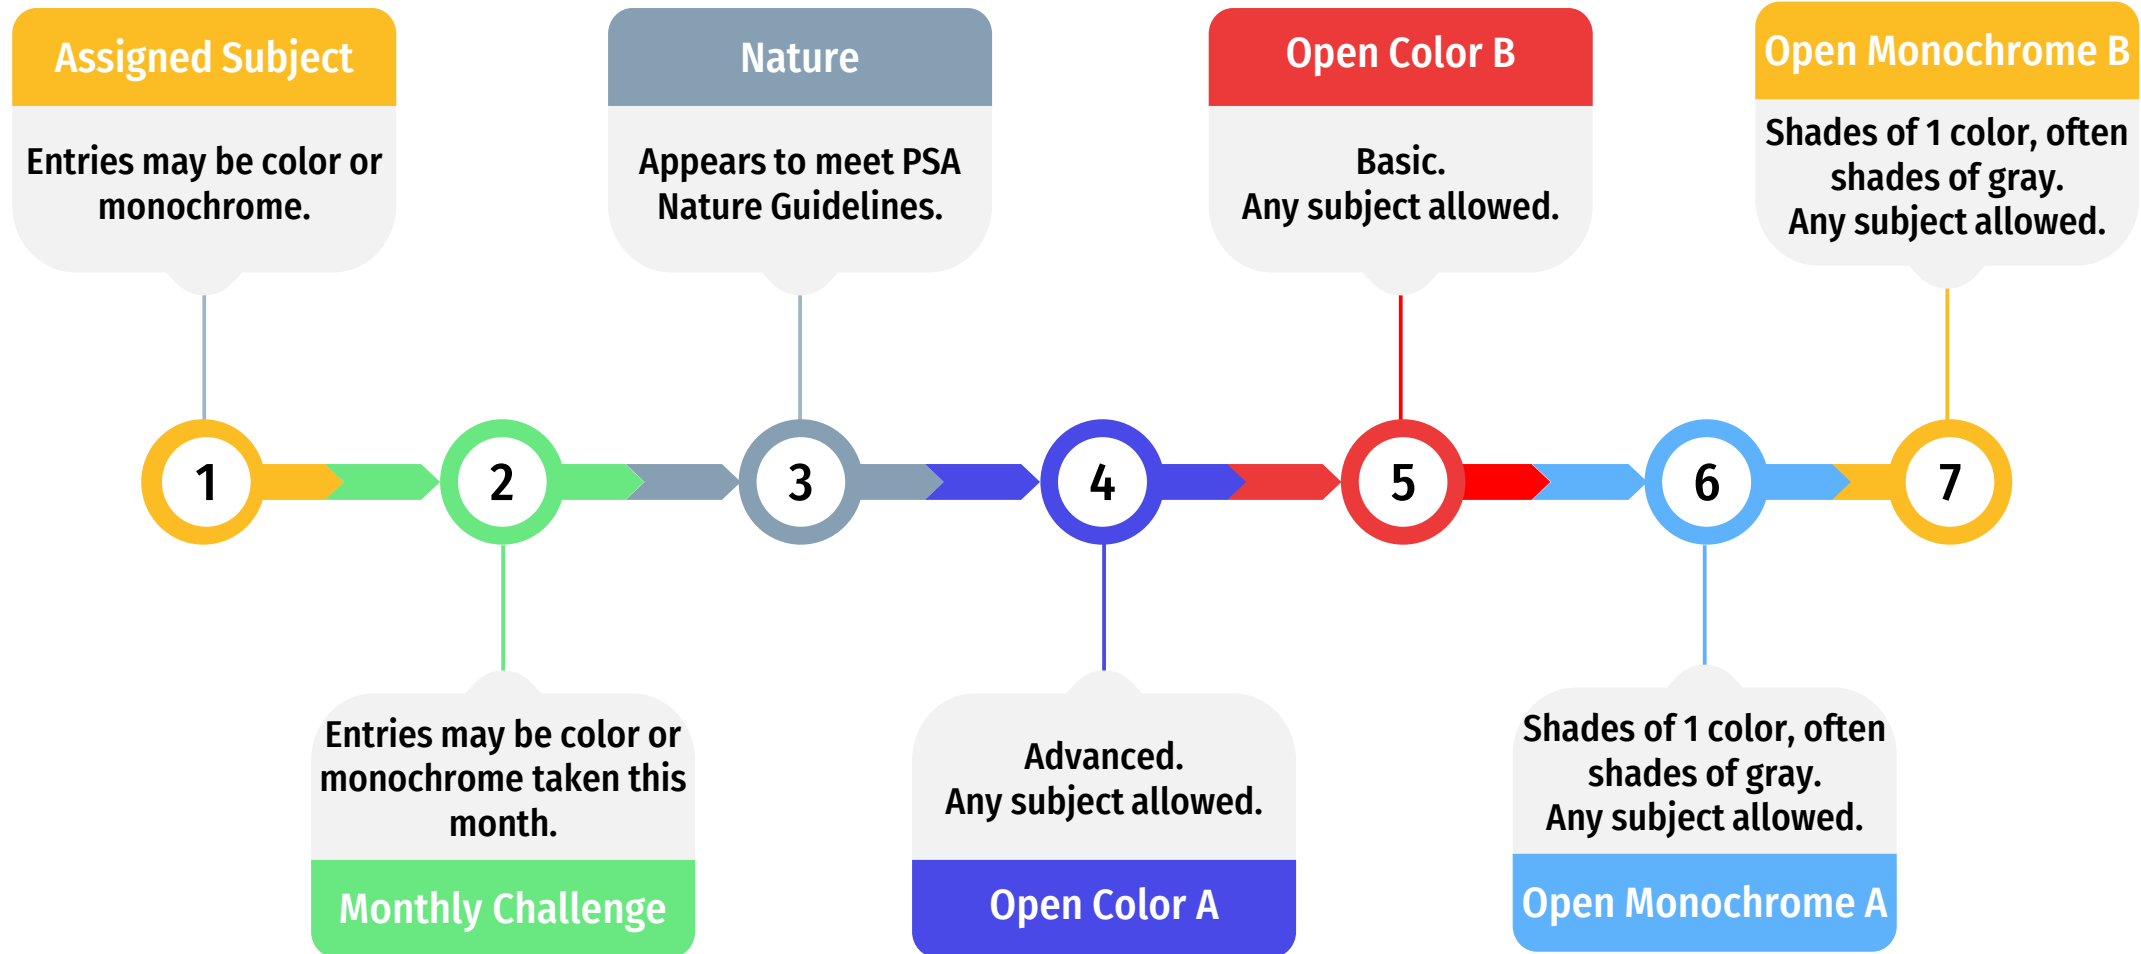

Score and comment  
on photos

# Competition Night Activities

## Photo Categories

# Details on Flagpole Competition Rules and Info

## All Competitions Rules

- Capturing and Editing Rules
- Category Descriptions and Rules
- Class Distinctions

Visit <https://FlagpolePhotographers.com/competition-info>

## This Month's Competition Info

Visit <https://FlagpolePhotographers.com/all-upcoming-events>

Then click on this first “Competition” event.

# Competition Summary

## Scoring Range

- 6, 6.5, 7, 7.5, 8, 8.5, 9, 9.5, 10

## Comments on every photo

- Rotating judge for the next photo

## Deciding on the top 3 photos

- Breaking ties, talk among yourselves
- Rotating who starts the conversation

# Formulating an Educational Comment – Tone Examples

## Be Specific

- What and Why

## Be Positive

- Suggest improvements, not faults

## Aligned to Score

- Unless a perfect score, the judge has improvement ideas

Imagine a photo where the snow is 100% white

**Poor** – *“It’s all blown out in the snow!”*

The audience can already see this and not much advice on how to improve or why an issue.

**Better** – *“To make the snow look more natural, you might want to try adjusting the exposure to capture more detail.”*

# What to Say

Start with a positive comment

“I like the photo” needs a “Why” linked to photographic principles

Suggest an improvement for before the shutter was clicked  
The subject, composition, exposure, perspective, story ...

If needed, suggest a simple improvement done in post processing  
Crop, brightness, contrast, shadow, color, remove ...

Improvement ideas are suggestions, not rules  
Use words like Maybe, Might, Consider ...

Imagine a photo where the critter is eating.

**Poor** – “*I wonder if the squirrel was eating!*”  
While a good questioning the photographer will not answer.

**Better** – “*Maybe showing what the squirrel is eating would make the story stronger.*”

# What to Avoid Saying

**Don't simply describe a photo back to the audience**  
There is no value since everyone can already see the photo

**Remove perceived personal bias by not saying ...**  
I know the location, I love cat photos, I don't do nature ...

**Avoid complex post-processing suggestions & tool names**  
Since they exclude half of the audience, e.g., "remove" for clone stamp, healing brush, content aware fill ...

**Rarely should more than one judge comment on a photo**  
Avoid confusing the audience and avoid judge squabbling

## Avoid

*Dogs are not as cute as cats*  
*Clone stamp out the arm*  
*Never have a holiday light background*  
*A dog next to a fireplace at Christmas*  
*I love it, score 1 out of 5*  
*It's a snapshot, not a competition photo*

# Previewing Photos to Enhance Comments

Commenting within seconds of seeing a photo can be challenging.

We offer early access to the photos to assist with this.

Keep an eye on your email for details on which photos you'll comment on.

Scoring and comments are live on Thursday night.

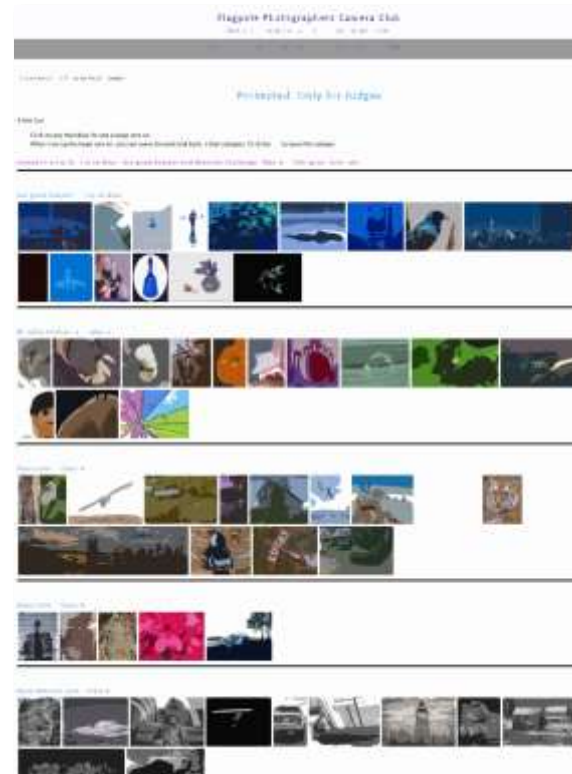

View the photos at <https://flagpolephotographers.com/only-for-judges-<a 4 digit number>>

The full link, with the 4 digit number at the end, is in your email

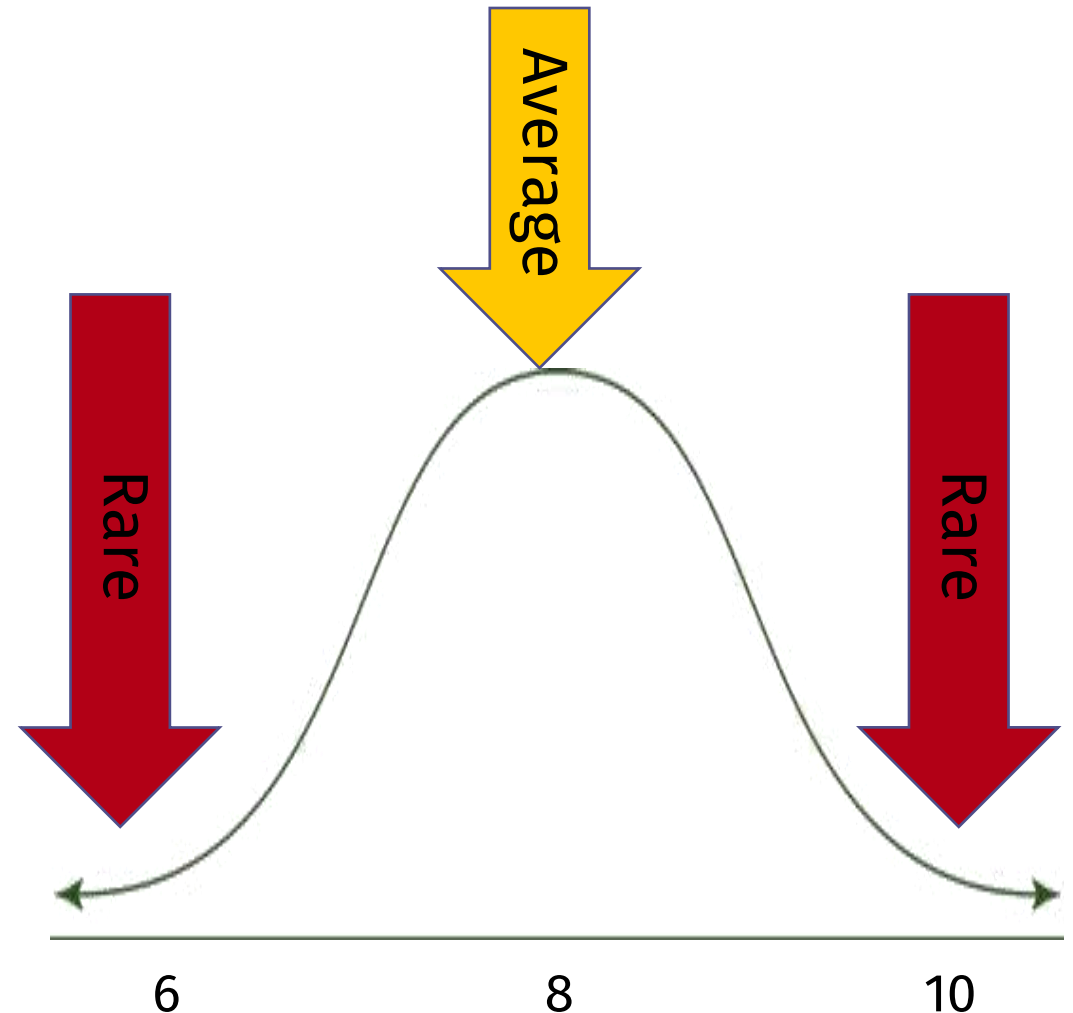

Available starting the **Monday** before competition

# What Is the Role of a Photo's Score?

Scoring is independent of category and class

- In a 6 to 10 range, the average is 8
- You'll probably have half of your scores in the 7.5, 8.0 and 8.5 range
- Scoring allows awarding the top three photos. We break ties. There are no honorable mentions – only 1<sup>st</sup>, 2<sup>nd</sup> & 3<sup>rd</sup>

# Deciding on a Score

Base the score on the merit of that individual photo  
In this, and only this, single category

Use consistent reasoning in evaluating photos  
Provides the ranking order

Understand the category's requirements  
Nature, monochrome, assigned subject ...

# What Creates Impact?

## Impact

Impactful photos evoke laughter, sadness, anger, pride, wonder or another intense emotion.

Think of **Impact** as a stool supported by these four legs.

With 4 legs: Hard to knock over  
With 3 legs: Still very strong.  
With 2 legs: Hard to stand up.  
With 1 leg: Easily falls over.  
With 0 legs: It's a snapshot.

[Click for more info](#)

## Storytelling

The photo's ability to evoke imagination in the viewer's mind

## Creativity

A fresh expression of a scene conveying an idea or message.

## Composition

Bringing all the visual elements together to express the purpose

## Technical Excellence

The quality of the photo itself as it is presented for viewing

# What About Photographer Effort in Commenting?

It is a slippery slope for a judge to include effort when commenting on a photo because assumptions must be made.

## There is no way to know the actual capture effort

- Effort is highly dependent on photographer, technique & luck
- Maybe it's a composite
- Maybe it's a controlled environment (photo ops, zoo)

## Plus, effort also happens outside of photo capture

- Hiking all night uphill to capture the sunrise?
- Using Photoshop for 20 hours?
- Planning and learning for three weeks?

## Was this a lot of effort? It depends on what is effort.

- Two weeks of wondering what is a great 'bricks' photo?
- Reading the camera manual to learn what is possible?
- Waiting for afternoon shade?

## How did I capture this?

- Using video mode on my camera.
- One take, one brick destroyed, one video frame used.
- Effort was a lot less than you think!

The best choice is to comment on the photographic principles that you see.

# Agenda

What we are covering next

1. Competition Night
- 2. Judging Setup**
3. Judging Software

# Judge Setup Requires Two Screens

## Most common setup

**Camera and mic  
1920 x 1080  
resolution or higher**

**Phone or  
Tablet for  
scorepad**

No software to install. Uses web browser

## Alternate setups

**Computer with  
two screens**

**Large tablet plus a  
phone**

Judge Training Example - Sep 26, 2020

Assigned Subject "Nature"

Monthly Challenge is "Barns"

Open Color - Class A

Number of photos **14**

Scored photos **0**

Competition with "Nature" Assigned Subject - Sep 24, 2020

Assigned Subject "Nature"    Monthly Challenge is "Barns"    Open Color - Class A    Open Color - Class B    Open Monochrome - Class A    Open Monochrome - Class B

Number of photos **24**    —    Scored photos **24**

1. RUN-THOUGH
2. SCORE PHOTOS
3. RESOLVE TIES
4. SHOW WINNERS

Each photo displayed full screen for 2.5 seconds

The screenshot shows the competition interface. On the left, there are four blue buttons: '1. RUN-THOUGH' (checked), '2. SCORE PHOTOS', '3. RESOLVE TIES' (checked), and '4. SHOW WINNERS'. In the center, there is a grid of 12 circular photo thumbnails. The top row contains four thumbnails, and the bottom row contains eight. A yellow arrow points from the '1. RUN-THOUGH' button to the grid. To the right, a large yellow arrow points from the grid to a full-screen preview of a photo showing a white lighthouse on a rocky cliff overlooking the ocean. The preview includes a '3 of 36' indicator at the bottom left.
