Let your friends and family
know that our [Newtown &
Beyond Exhibit](#) is now
Open at the Municipal
Center

Special Note

Exhibit Opening
Reception on
November 6

There are over 300 photos, many of Newtown and others
from across the country and around the world.

Meet the photographers at our Opening Reception on
Sunday, Nov 6 from 2 pm to 4 pm at the Newtown Municipal
Center.

To purchase photos, complete the "Photo Purchase
Request" sheets on the hallway tables.

2022 "Newtown & Beyond" Photo Exhibit

Public is welcome! Come join us! The Flagpole Photographers Camera Club exhibit of their member's work runs from November 1 through December 29 at the Newtown Municipal Center. The building's main hallway with grand arches provides a beautiful gallery setting to showcase over 300 photographs. On Sunday, November 6th, from 2-4 p.m. there will be an Opening Reception where the public is welcome to come and meet the photographers while viewing the exhibit. (Masks are optional.)

Beginner's Guide to Tonal Adjustment Sliders in Camera Raw

Tonal sliders apply adjustments to the image as a whole, but each one controls a different tone. By adjusting each tone, you can turn a digital file into one that's much closer to the picture you have in your mind. Tonal adjustment sliders are fairly universal too—once you learn the sliders in Camera RAW, you can comfortably use the Lightroom controls and vice versa. Here's what beginners need to know about tonal adjustment sliders.

BEGINNER'S GUIDE TO TONAL ADJUSTMENT SLIDERS IN CAMERA RAW

BY HILLARY K. GRIGONIS

Beginner • Photography Tips

I like to learn by doing—so when I opened my first RAW photo, naturally, I simply played around with the various sliders until I found a level I was happy with. But while experimenting is a vital part of learning both photography and post-processing, grasping a full understanding of the process allowed me to both troubleshoot specific issues and cut back on editing time.

ESSENTIAL PHOTOGRAPHY ABBREVIATIONS, EXPLAINED

Digital Photography School.com

25 Common Photography Abbreviations, Explained

Photography is a visual medium, yet it's full of abbreviations: AF, DOF, TIFF, DSLR, CMYK, AWB, and so much more. For the beginner, these initialisms and acronyms can be incredibly overwhelming (and even seasoned photographers will find certain abbreviations confusing!).
