Manchester	Lye Brook Falls	Lye Brook	Lye Brook Falls Access Road	43.1314°N 73.0396°W	160'

Swimming Hole Safety: Vermont's lakeshores and riversides provide many opportunities for swimming at state parks and town beaches. Some have lifeguards and others require swimmers to exercise diligence on their own. Swimming holes are a cherished natural resource in Vermont, popular with both residents and visitors. When enjoying a swim at these natural areas, please be aware of rocks, currents and particularly weather changes that can quickly impact the flow and level of the water.
